Chartered Accountants' Supplementary Report on Internal Accounting Control

**To the Board of Directors of
Pictet Overseas Inc.**

As part of our audit of the financial statements of **Pictet Overseas Inc.** as at December 31, 2008 and for the year then ended on which we reported under date of February 26, 2009, we considered the company's system of internal controls to the extent we considered necessary to determine the nature, timing and extent of the auditing procedures necessary for expressing an opinion on the financial statements. Our work was more limited than would be necessary to express an opinion on the company's system of internal controls taken as a whole.

Because of inherent limitations in any system of internal controls, errors or irregularities may nevertheless occur and not be detected by the system. Also, projection of any evaluation of a system to future periods is subject to the risk that controls may become inadequate because of changes in conditions or that the degree of compliance with controls may deteriorate.

As our work was performed for the limited purpose described in the first paragraph above, it would not necessarily identify material inadequacies in the system of internal controls. Accordingly, we do not express an opinion on the company's system of internal controls taken as a whole. However, our work disclosed no condition that we believe to be a material inadequacy. For the purposes of this report, material inadequacy is a condition in the system of internal controls which could result in more than a relatively low risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period in the normal course of operations.

This report is solely for the use of the Board of Directors of Pictet Overseas Inc. and the Financial Industry Regulatory Authority and is not to be used by any other party.
